

Thermal Insulation Association of Alberta
SAIT Training Report

January 11, 2019

December 3, 2018 was the start of a new intake of 20 first year apprentices at SAIT. It's fantastic to see new faces in the Insulator trade during difficult times in Alberta.

SAIT is happy to report that for 2018-2019 we're offering the following training dates:

<u>Period</u>	<u># of apprentices</u>	<u>Start Dates</u>
1 st year	14	Mar 25/19
2 nd year	14+20	Mar 25/19 & May 13/19
3 rd year	20	Feb 4/19

We currently are full for our last 3rd year offering with a waiting list but do have space for some first year students in March and some spots for second years in May.

We're currently 85% full across all levels of training. Encourage your staff to register early as we expect to fill quickly to 100%.

With the help of TIAA funds donated to SAIT we were able to purchase a new Beverley Shear for our students as well as SAIT hoodies with the TIAA logo on the arm for our graduating 3rd years. Thanks to TIAA for their ongoing support!! The students benefit from your generosity. The picture below is from our first graduating 3rd year class, this school year, enjoying a breakfast together. Great group!!

SAIT once again will host in March students from CBE in a high school credit program with Thomas Group. We're looking forward to touring them around campus and introducing them to our graduating 3rd year class at the same time. It's a great time for the new students to network with apprentices already through the apprenticeship process.

If anyone is interested in the Insulator (Heat & Frost) apprenticeship or in a tour of the Sait campus facilities, please contact me at Barry.Delparte@sait.ca or call me at (403) 774-5016
